

OFFICE OF THE GOVERNOR

OCT 7 2015

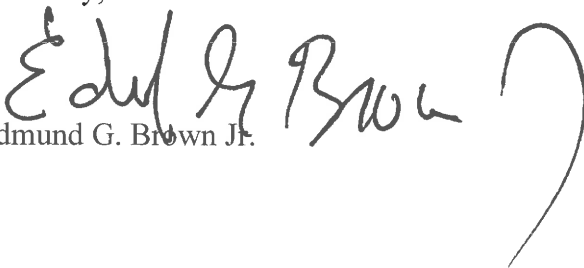

To the Members of the California State Assembly:

I am returning Assembly Bill 522 without my signature.

This bill requires the Director of Technology to develop a standardized performance assessment system for information technology contracts.

While holding technology contractors accountable for their performance is important, this bill is not necessary because it duplicates what the Department of Technology is already doing.

Sincerely,

A handwritten signature in black ink that reads "Edmund G. Brown Jr." with a large, stylized flourish at the end.
