

OFFICE OF THE GOVERNOR

OCT 11 2013

To the Members of the California State Assembly:

I am signing Assembly Bill 628.

This bill authorizes harbor and port districts to develop energy management plans that at a minimum include measures developed jointly with an electrical corporation, gas corporations, community choice aggregators, or a publicly-owned electric or gas utility.

In order for these plans to be truly comprehensive in reducing air emissions, enhancing energy efficiency, and promoting economic development, the ports should consult with all public and private partners including independent energy providers, demand response companies, and distributed generation companies.

Sincerely,

A handwritten signature in black ink that reads "Edmund G. Brown Jr." with a long, sweeping flourish at the end.

Edmund G. Brown Jr.
