

OFFICE OF THE GOVERNOR

SEP 30 2015

To the Members of the California State Assembly:

I am returning Assembly Bill 757 without my signature.

This bill would allow unlicensed personnel to perform a total protein refractometer test designed to monitor the protein level of plasma donors.

Failure to perform and report this test accurately could lead to serious health consequences for the donor. The California Department of Public Health does not believe that the standards outlined in the bill for persons to perform this test ensure the health and safety of plasma donors.

Sincerely,

Edmund G. Brown Jr.
