

OFFICE OF THE GOVERNOR

OCT 09 2011

To the Members of the California State Senate:

I am returning Senate Bill 508 without my signature.

While I agree that we should consider sunset clauses for personal income and corporate tax credits, one size does not fit all. The legislature should examine all its bills to determine how long they should exist or, indeed, whether they should exist at all.

Sincerely,

A handwritten signature in blue ink that reads "Edmund G. Brown Jr." with a stylized flourish at the end.
