

OFFICE OF THE GOVERNOR

SEP 29 2016

To the Members of the California State Assembly:

I am returning Assembly Bill 1662 without my signature.

This bill requires hobbyist drone operators to provide, at the scene of an accident caused by their drone, their name and home address along with valid identification.

Rather than creating a new misdemeanor crime, I believe it would be fairer and more effective to explore a more comprehensive approach that takes into account federal regulations on this subject. Piecemeal is not the way to go.

Sincerely,

A handwritten signature in black ink that reads "Edmund G. Brown Jr." with a large, stylized flourish extending to the right.

Edmund G. Brown Jr.
