WHEREAS beginning on August 14, 2020, a significant heat wave struck California and the surrounding Western states, bringing widespread temperatures well in excess of 100 degrees throughout the state (the ”Extreme Heat Event”); and

WHEREAS as a result of this Extreme Heat Event, the National Weather Service issued multiple Excessive Heat Warnings and Red Flag Warnings within the State; and

WHEREAS the Extreme Heat Event has put a significant demand and strain on California’s energy grid as well as limiting energy imports from surrounding states; and

WHEREAS the California Independent Service Operator (CAISO) has, to date, issued multiple Stage 2 and Stage 3 System Emergencies during the Extreme Heat Event, the first Stage 3 Emergencies issued due to heat in two decades, resulting in rolling blackouts for customers throughout the State; and

WHEREAS the Extreme Heat Event is expected to last through at least August 20, 2020, and CAISO has advised that additional Stage 2 and Stage 3 System Emergencies are likely unless action is taken to conserve power and increase output; and

WHEREAS it is necessary to take action to reduce the strain on the energy infrastructure and increase energy capacity during the Extreme Heat Event; and

WHEREAS under the provisions of Government Code section 8558, subd. (b), I find that conditions of extreme peril to the safety of persons and property exist due to the Extreme Heat Event throughout California; and

WHEREAS under the provisions of Government Code section 8625, subd. (c), I find that local authority is inadequate to cope with the magnitude and impacts of the extreme heat event; and

WHEREAS under the provisions of Government Code section 8571, I find that strict compliance with various statutes and regulations specified in this Order would prevent, hinder, or delay appropriate actions to prevent and mitigate the effects of the Extreme Heat Event.

NOW, THEREFORE, I, GAVIN NEWSOM, Governor of the State of California, in accordance with the authority vested in me by the State Constitution and statutes, including the California Emergency Services Act, and in particular, Government Code sections 8567, 8571, 8625 and 8627, HEREBY PROCLAIM A STATE OF EMERGENCY to exist in California.
IT IS HEREBY ORDERED THAT:

1. In preparing for and responding to the Extreme Heat Event, all agencies of state government use and employ state personnel, equipment, and facilities or perform any and all activities consistent with the direction of the Governor’s Office of Emergency Services and the State Emergency Plan. Also, all residents are to heed the advice of emergency officials with regard to this emergency in order to protect their safety.

2. For purposes of regulations concerning stationary generators, the Extreme Heat Event shall be deemed an “emergency event” under California Code of Regulations (CCR), title 17, section 93116.1, subd. (b)(14), and a loss of electrical service shall be deemed “beyond the reasonable control of the owner or operator” under CCR, title 17, section 93116.2, subd. 2(a)(12)(A)(2). In addition, use of stationary generators during the Extreme Heat Event shall be deemed an “emergency use” under CCR, title 17, section 93115.4, subd. (a)(30).

3. In regulations concerning portable generators, the Extreme Heat Event shall be deemed an “emergency event” under CCR, title 13, section 2452, subd. (j), and interruptions caused by the Extreme Heat Event shall be deemed an “unforeseen interruption of electrical power from the serving utility” under CCR, title 13, section 2453, subd. (m)(4)(E)(i).

4. In regulations concerning the use of auxiliary engines by ocean-going vessels berthed in California ports, the Extreme Heat Event shall be deemed an “emergency event” under CCR, title 17, section 93118.3, subd. (c)(14).

5. This Order shall be deemed to provide notice to reduce use of grid-based electrical power under CCR, title 17, section 93118.3, subd. (c)(14)(C), and notice under that same section that reduction is no longer necessary at 11:59 p.m. on August 20, 2020. Ships that initially berthed at California ports between August 17, 2020 and August 20, 2020 shall not be required to use shore power until August 24, 2020.

6. A ship operating on auxiliary engines pursuant to an “emergency event” under Paragraph 4 of this Order shall be deemed to qualify for an exemption under CCR, title 17, section 93118.3, subd. (d)(1)(E)(1)(a), and any visit occurring during the period described in Paragraph 5 of this Order shall be counted towards compliance under CCR, title 17, section 93118.3, subd. (d)(1)(F)(1).

7. The Air Resources Board shall exercise maximum discretion to permit the use of stationary and portable generators or auxiliary ship engines to reduce the strain on the energy infrastructure and increase energy capacity during the Extreme Heat Event.

8. Any permit, regulation or law prohibiting, restricting or penalizing the use of stationary or portable generators or auxiliary ship
engines allowed by this Order during the Extreme Heat Event is suspended.

9. The provisions in paragraphs 3-7 shall expire at 11:59 p.m. on August 20, 2020.

I FURTHER DIRECT that as soon as hereafter possible, this proclamation be filed in the Office of the Secretary of State and that widespread publicity and notice be given of this proclamation.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 16th day of August 2020.

GAVIN NEWSOM
Governor of California

ATTEST:

ALEX PADILLA
Secretary of State
