

EXECUTIVE DEPARTMENT  
STATE OF CALIFORNIA

EXECUTIVE ORDER N-11-22

**WHEREAS** on March 4, 2020, I proclaimed a State of Emergency to exist in California as a result of the threat of COVID-19; and

**WHEREAS** since March 2020, the State has taken decisive and meaningful actions, relying on the most current data and science available, to reduce the spread, and mitigate the impacts, of COVID-19, saving an untold number of lives; and

**WHEREAS** on June 11, 2021, as a result of reducing case rates throughout California at that time, I issued Executive Order N-08-21, which systematically rolled back many of the Executive Order provisions I put in place to ensure for the continued provision of public and essential services while preserving public health and safety; and

**WHEREAS** following my issuance of Executive Order N-08-21, the Delta and Omicron variants of COVID-19 spread throughout California, the United States, and the world, posing significant threats to the health and safety of Californians and necessitating additional decisive actions, including those implemented through Executive Order; and

**WHEREAS** as a result of the effective actions Californians have taken, including more than 75 percent of eligible Californians who have been fully vaccinated, another 8 percent of eligible Californians who are partially vaccinated, and more than 57 percent of eligible Californians who have received a booster, California has turned another corner in its fight against COVID-19, and in particular, the Omicron variant; and

**WHEREAS** on February 17, 2022, I unveiled the SMARTER Plan, which is guiding California's strategic approach to managing the current phase of the COVID-19 pandemic while moving the State's recovery forward, with a focus on continued equity, readiness, awareness, and flexibility; and

**WHEREAS** on February 25, 2022, I issued Executive Order N-4-22, which rolled back a significant number of the remaining Executive Order provisions I put in place, while retaining a limited set of provisions that remained necessary to continue responding to the threat posed by, and mitigating the effects of, the COVID-19 pandemic; and

**WHEREAS** in light of the current state of the COVID-19 pandemic in California, it is appropriate to, again, through measured and decisive action, roll back additional provisions of my COVID-19-related Executive Orders and allow other provisions set to expire on June 30, 2022 to do so; and

**WHEREAS** a limited number of provisions of my COVID-19-related Executive Orders remain critical to help California respond to, recover from, and mitigate

the impacts of the COVID-19 pandemic – including maintaining California's robust testing and vaccination programs and protecting hospital capacity and vulnerable populations, consistent with the State's SMARTER Plan – such that terminating those provisions at this time would compound the effects of the emergency and impede the State's recovery by disrupting the State's ability to support ongoing medical response and preparedness; and

**WHEREAS** under the provisions of Government Code section 8571, I find that strict compliance with the various statutes and regulations specified in this Order would continue to prevent, hinder, or delay appropriate actions to prevent and mitigate the effects of the COVID-19 pandemic.

**NOW, THEREFORE, I, GAVIN NEWSOM**, Governor of the State of California, in accordance with the authority vested in me by the State Constitution and statutes of the State of California, and in particular, Government Code sections 8567, 8571, and 8627, do hereby issue the following Order to become effective immediately:
