

OFFICE OF THE GOVERNOR

SEP 18 2022

To the Members of the California State Assembly:

I am returning Assembly Bill 2189 without my signature.

This bill would establish parameters by which a foster youth could remain in the foster care system beyond the age of 21.

It is important that foster youth receive the services to which they are entitled to help them successfully transition to independence. I applaud the author's intent in seeking to ensure those services are appropriately provided prior to the foster youth aging out of the program. However, extending foster care beyond the age of 21 raises policy and implementation considerations. Additionally, millions of dollars will be needed to successfully implement this policy, but were not included in the budget.

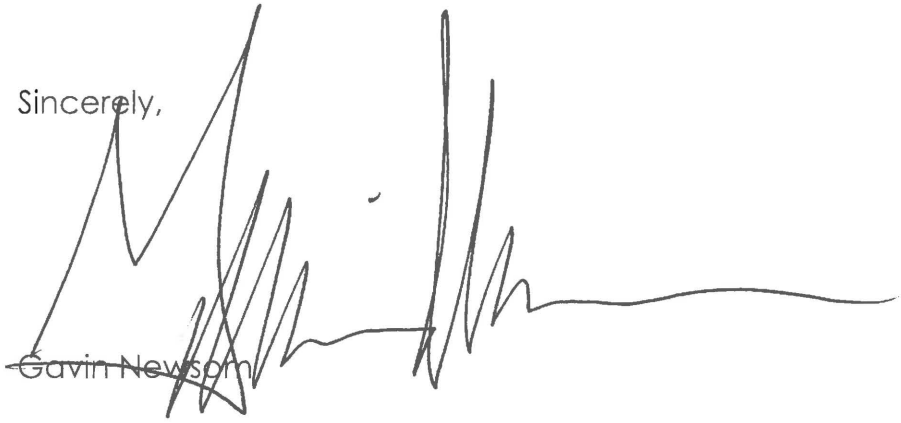

With our state facing lower-than-expected revenues over the first few months of this fiscal year, it is important to remain disciplined when it comes to spending, particularly spending that is ongoing. We must prioritize existing obligations and priorities, including education, health care, public safety and safety-net programs.

The Legislature sent measures with potential costs of well over \$20 billion in one-time spending commitments and more than \$10 billion in ongoing

commitments not accounted for in the state budget. Bills with significant fiscal impact, such as this measure, should be considered and accounted for as part of the annual budget process. For these reasons, I cannot sign this bill.

Sincerely,
