

## OFFICE OF THE GOVERNOR

SEP 19 2022

To the Members of the California State Assembly:

I am returning Assembly Bill 552 without my signature.

This bill would permit local educational agencies and county behavioral health agencies to enter into partnerships to provide prevention and early intervention, and access to behavioral health and substance use disorder services for pupils at appropriate school-based locations.

While I share the author's goal of addressing the mental health needs of children and youth, the partnership programs proposed under this bill would duplicate requirements for school-based behavioral health services being developed pursuant to the Children and Youth's Behavioral Health Initiative (CYBHI), which take effect in 2024. Implementation of the CYBHI's statewide all-payer fee schedule will provide a solution to the issue that this bill attempts to address. Additionally, I am concerned that this bill could create significant one-time and ongoing costs in the millions of dollars for the departments that would play a role in implementing these programs.

With our state facing lower-than-expected revenues over the first few months of this fiscal year, it is important to remain disciplined when it comes to spending, particularly spending that is ongoing. We must prioritize existing obligations and priorities, including education, health care, public safety and safety-net programs.

The Legislature sent measures with potential costs of well over \$20 billion in one-time spending commitments and more than \$10 billion in ongoing commitments not accounted for in the state budget. Bills with significant fiscal impact, such as this measure, should be considered and accounted for as part of the annual budget process.

For these reasons, I am unable to sign this bill.

Sincerely,
