The Chief of the Bureau for Private Postsecondary Education or the chief's designee.
The Executive Director of the Student Aid Commission or the executive director's designee.
The Executive Director of the Commission on Teacher Credentialing or the executive director's designee.
The Secretary of California Health and Human Services or the secretary's designee.
The Secretary of Labor and Workforce Development Agency or the secretary's designee.

CRADLE-TO-CAREER DATA SYSTEM GOVERNING BOARD
(continued)

The Chief Operations Officer of California School Information Services or the Chief's designee
One Senator appointed by the President Pro Tempore of the Senate, or the Senator's designee.
One Assembly Member appointed by the Speaker of the Assembly or the Assembly Member's designee.
Four public members, to be appointed by the Governor:
- Two elementary and secondary education practitioners to serve as a representative of elementary and secondary educators, counselors, and administrators.
- Two members of the public who meet the requirements of paragraph (1) of subdivision (c).

Four members of the public, to be appointed by the Legislature:
- Two members of the public to be appointed by the Speaker of the Assembly.
- Two members of the public to be appointed by the President Pro Tempore of the Senate.

(EDC § 10864 (a) (1-15))

Special Considerations: The governing board may expand membership on the governing board to include new data contributors and ex officio governing board members. (EDC § 10864 (d))

All other institutions represented on the governing board shall be data providers. (EDC § 10864 (e))

Qualifications: The appointing authority shall make every effort to ensure the membership of the governing board is reflective of the cultural, racial, geographical, economic, and social diversity of California, taking into consideration factors including, but not limited to, diversity in data user experience, diversity in expertise with educational data, diversity in professional experience, and representation from different geographical and socioeconomic backgrounds. (EDC § 10864 (c) (1))

The public members shall represent the public beneficiaries of the data system, including, but not limited to, practitioners, families, students, adult learners and workers, community organizations, research organizations, or advocates. (EDC § 10864 (c) (2))

Term: Three years. The public members shall have staggered terms.

CRADLE-TO-CAREER DATA SYSTEM GOVERNING BOARD
(continued)

For the first appointment of public members to the governing board only, to create staggered terms, the terms of those members shall be as follows:

The terms of the public members appointed pursuant to subparagraph (A) of paragraph (11) of subdivision (a) shall be for three years.

The terms of the public members appointed pursuant to subparagraph (B) of paragraph (11) of subdivision (a) shall be for one year.

The terms of the public members appointed pursuant to paragraph (12) of subdivision (a) shall be for two years.

(EDC §10864 (c) (5) (A-C))

Term Limits: A public member shall not serve more than two consecutive terms or more than six years. (EDC § 10864 (c) (3))

Grace Period:

Compensation: Governing board members to receive per diem and reimbursement of travel expenses. (EDC § 10865 (a) (4))

Meetings: Convene on a regular basis, but no less than quarterly. Meetings are subject to the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code). (EDC § 10865 (a) (1))

Bond: Not stated in statute.

Oath: Government Code §§ 1360 – 1363.

Duties: The governing board shall be responsible for, in consultation with the advisory boards, the strategic direction and implementation of the data system, including, but not limited to, all of the following:
(1) Adopting a timeline for phasing in the data system, including a timeline for the development of analytical tools, operational tools, and offering professional development and technical assistance.

(2) Ensuring that the data system is serving its intended purposes by submitting recommendations to the Governor and the Legislature to adjust the data system's vision, mission, and strategic objectives, particularly recommendations related to improving educational outcomes and reducing opportunity gaps.

(3) Adopting and adjusting as necessary a data dictionary, data standards, and security protocols to ensure interoperability between the data system, the source data, and other state data systems using the same source data.

(4) Expanding the collected data set, beyond the P20W data set, by doing both of the following:

(A) Approving additional data providers.

(B) Requesting additional data points from data providers, in the context of data quality, legal concerns, costs, and preserving the neutrality of the data system. The governing board shall not require a data provider to collect data that the data provider is not legally allowed, under other applicable laws, to collect.

(5) Creating new analytical and operational tools that would help the public interact with the data.

(6) Creating, and revising from time to time, in consultation with the advisory boards, a data request process for use by researchers, policymakers, education systems, schoolsites, and college campuses for information that is all of the following:

(A) In compliance with federal and state laws to protect individual privacy.

(B) Not otherwise available via the public query tools maintained by the managing entity.

(C) Allows for expedited access to summary data that has been properly deidentified.

(D) Allows for data providers to approve data requests in the public interest, as defined pursuant to Section 10861.

(c) (1) The governing board shall be responsible for adopting best practice policies related to privacy and security, including creating policies, in accordance with federal and state law, governing the collection and use of personally identifiable information from data providers, which may include the creation of an “opt out” policy for students and families.
(2) This section does not hinder the use of personally identifiable information for educator- and student-facing college guidance and planning tools, defined as operational tools in Section 10851.

(d) The governing board shall provide oversight of the data system and operational direction to the managing entity to ensure the data

system is serving its intended purpose. This may include, but is not limited to, all of the following activities:

(1) Adopting an annual strategic plan and reviewing and revising that plan as needed.

(2) Approving budget requests for inclusion in the governing board's annual budget request.

(3) Ensuring continued use of a user-centered design approach by the managing entity.

(4) Reviewing and approving all of the following:

(A) End user professional development, and technical assistance and communications plans, as developed by the managing entity.

(B) An operational tools implementation plan, as developed by the managing entity.

(C) Recommendations for topics to be included in reports to provide a neutral summary of information available in the data system.

(D) Significant content changes to the analytical tools, such as dashboard visualizations and query builder data points.

(5) Conducting data quality audits.

(6) Providing for other audits and evaluations.

(7) Adopting rules and exercising authority to promulgate regulations, including emergency regulations.

(8) Any other activities necessary to further the intent of this chapter.

(9) Providing regular reports to the Legislature and Governor related to the implementation of this chapter. The reports to the Legislature shall be submitted in compliance with Section 9795 of the Government Code.

(e) The governing board may create any other policies and procedures necessary to further the intent of this chapter.
